hey sweets! ^o

what's up?

well you big gay! I'm glad we're such
good friends this year! you are a great
friend except when you do "stuff" I don't
like- so- be good! okay!? Don't screw
everything up - just to fit in + have
fun! okay! If you'd be yourself - you'd
be a great person! the only reason
I'm telling you this is because I care
about ya and don't want ya to get
hurt! DO YOU UNDERSTAND??, anyway-
"DUDE" (h2-h2) Thanks for always being
there ~~to~~ to cheer me up when I was

Before Prom, Billy Davis and Vernica Haynes share a good laugh with Mrs. Kay Picou.

Something More Than Ordinary . . . Something Grand

The spirit behind Denham Springs High School does not lie just within the students and faculty, it lies within the surrounding community as well. The amount of support given to the alma mater cannot, by any means, be measured in the largest scale. It is the dedication of the students to the reputation and the pride of being a Yellow Jacket that makes this school something more than ordinary, it makes it*SOMETHING GRAND!!*

Yellow Jacket fans are not hard to spot!

Steve Martino and Lisa Wood share a dance at the Toga.

Junior Marsha Adams and Senior Shannon Fanculus spend time together at recess.

Recess gives students time to relax from the hectic school schedule.

Quarterback Brian Langridge expresses his feelings on the previous game, while part of the defensive team considers their options.

Members of the freshman class gather at a freshman football game to support their classmates.

Dressed for the ghoulish occasion, "monster" Shannon Facundus and "wolf" Lara Karwick are made up for the halloween pep rally.

Cheerleaders, Tricia Smith, Mary Williams, and Angie Bergeron not only support the athletic departments at school, but also each other.

Seniors display their pride of being number one jacket boys.

Trying to shade yourself from the sun is hard to do during the summer months. Juniors Cole Dairon, Jamey Walker, Mary Williams, Larsen Tate, Jason Tullos, Shannon Seegert, and Will Davis stand under the library to cool off.

SPECIAL • OCCASIONS

For a change of pace, football player, Pat Mason, dresses as a cheerleader to entertain the student body at the last pep rally of the year.

Every time Denham Springs High School students get together it is an occasion. When excitement's in the air, and chatter is excessive, things begin to happen. These regular occasions become something special. Homecoming and pep rallies are two of the more special events. "Homecoming is a special occasion because it gives you an early opportunity to do something eventful after the long summer vacation," said senior Edgar Stevens.

Students seem to enjoy the music, dance, and the fact that school ends a little early on pep rally days. "Although more people need to participate, those of us that go have a blast," said Cary Beth Rector.

Freshman Amiee Tullos helps cheer on the freshman football team by hanging spirit banners.

something amusing about her picture being
taken.

Representing the freshmen class, Nikki Smith
and Heather Varnado nervously await the half-
time ceremonies.

During the halftime ceremony on Nov. 14, it was announced that Monica Robinson was crowned this year's Homecoming Queen by Mr. Tim Wayne Bailey.

The cheer squad, variety father-daughter dance and ready to go the night of the event.

Breaking The Tradition

The 1986 Homecoming was one of contrasts. Breaking with tradition, the event was held earlier in the season before district play. Reminiscent of the homecoming of yesteryear, the pep rally featured a mini-parade. Each class entered a spirit float, a decorated red wagon, which was paraded around the gym. Traditionally, at the same senior maid Monica Robinson was crowned queen and the dance which followed featured the title of the currently popular song "Heaven In Your Eyes" as its theme. Carrying out the mystical effect was a blue backdrop with silver and blue balloons.

Seniors Monica Robinson and Tim Bailey crown the evening's upcoming events.

For those are some of the highlights of homecoming, Seniors Kyle Kamp and Tammy Mazie celebrate.

When I first saw the picture of the
 group, I was very surprised. I had
 never seen them before. I had
 heard that they were very good
 at what they did, but I didn't
 know they were so young. I was
 very impressed with what they
 had achieved. I was very proud
 of them.

People are what Denham Springs High School is all about. Faculty help to enrich the learning experiences of the students. Parents give much needed supports to students during the many ups and downs students go through. Students are the focus of attention. When asked about what she would miss most about Denham Springs High School, Veronica Haynes said, "I miss the friendships that have developed and grown since elementary school. I'll miss the closeness of the basketball team, which I've played on for the past four years. I will also miss basketball itself." Joel Ritchey said that he would miss "the family type atmosphere in learning. I enjoy being recognized as a person rather than a number. I believe that every student needs to be comfortable in his school in order to excel academically. These are the years in which students share common problems and achievements. Students face problems such as internships, curfew time and getting to school on time. Common achievements shared by students are winning a football game, prom and graduation. This

The 1987 Miss Denham Springs High School Monica Robinson is truly surprised that she has been selected.

Buddy Mincey, Mr. Denham Springs High School, is really excited that the student body has chosen him to represent them.

Leading the seniors of 1987 are Monica Robinson and Buddy Mincey.

Mr. & Miss DSHS

Being selected Mr. and Miss Denham Springs High School can be considered both an honor and an accomplishment. The selections represent the pride of Denham Springs students, and fulfilling this tall order for 1987 are two highly deserving seniors, Monica Robinson and Buddy Mincey.

Monica has contributed to her class and organizations during her four years here. She has been a cheerleader, SGA vice-president, and vice president of her class each year.

Buddy, too, has contributed much to DSHS in his four years here. He has been a top scholar and athlete as well as participating in Key Club and 4-H.

serving as president for three years. He has also been named to Who's Who Among American High School students and the National Honor Roll.

Leadership, scholarship, and citizenship are the qualities exemplified by Mr. and Miss Denham Springs High School, Monica Robinson and Buddy Mincey.

Before heading off to class senior Trina Smith shoots the photographer a threatening smile.

Enjoying a break from their busy schedules are seniors Lisa Dutton and Christie Andrews.

Making Memories

Anything may send memories popping to the surface. Mention of old songs, shows, and names that haven't been mentioned in years serve as catalysts in awakening these memories.

The class of 1987 has put together their own catalysts in hopes that one day they too may awake memories of their senior year. The games played and toys played with changed as the children grew into young men and women. Toys like Lemon Twist and Barbie dolls that seniors used to play with became Porches and telephones. Favorite cartoon characters like Bugs Bunny were forgotten as stars like Tom Cruise and Cybil Shepherd became popular.

As seniors matured so did their tastes. Songs like "All Cried Out" by Lisa Lisa and "Word Up" by Cameo took the place of "Mary Had A Little Lamb." Some favorites haven't changed. Their favorite candy bar is still Reese's Peanut Butter Cups. Cinderella is still the favorite fairy tale, and Coke is the most popular soft drink. Top Gun replaced Benji as the favorite movie. Favorite hangouts changed from Roller City to Peppy's and McDonald's. When asked what one thing they'd miss most, 99% of the seniors answered, "friends."

Students can find many amusing things at recess as demonstrated by seniors Joel Ritchey and Mark Day.

The Class Of '87 Has Bonded Together

Senior class officers are: Billy Davis, Treasurer; Allison Pope, Secretary; Buddy Mincey, President; Kelly Lipscomb, Reporter; not pictured is Monica Robinson, Vice President.

Life is fun, partyin's heaven, we're the class of '87" is the yell for the class of '87. The class of '87 has fond memories of its high school years. During its freshman year D.S.H.S. caught on fire. Coach Carlisle's last year at D.S.H.S. was its sophomore year. It's junior year was highlighted by the boys baseball team and the girls softball team being state champions. When asked about what she would remember most about her senior year Tricia Smith replied "This has been a busy year, cheering, going out and trying to decide about college."

As the senior class of '87 reaches its last year of school, it strives to get the most of the year before it is over. The way of life known by the seniors of '87 for twelve years is going to change dramatically. Upon graduating in May, many will go to college while others will get a job or enter the service. With the common goal of graduation, the class of '87 has

bonded together for a year of school spirit, pride and unity.

"Peeling Out Defined"

We all have our reasons, but "peeling out" is special to us in one way or another. Peeling out has become a way of releasing frustrations to some of us. Some peel out to impress friends, while other simply peel out because their cars can do it. Peeling out can, however, be dangerous. Some of the local authorities don't appreciate it as much as we do, so be careful you're liable to get yourself a ticket! Edgar Stevens in the above photograph demon-

states the correct way to peel out. He is a follower of the new philosophy of peeling out. Ezzari says, "I spin your tires in the car." K. Little truly peels out as divine.

"Buckle Up"
"It's The Law"

Students have recently become more aware of the importance of seat belts. They know that when friends say to "buckle up," it's because they care.

I feel safer with it on," says Jones. "For me. We definitely can relate to Fresh Andrews. I don't like them but I wear them anyway."

Whether we wear them for safety to keep from getting a ticket or because M. in. says we can't drive unless we do, our lives are important enough to make it click.

The New Look

During the 1986-87 school year Mr. Dewayne Bailey has put a lot of time, effort, and money into making our school campus look nice, and give the students the best possible atmosphere during the time they spend at Denham Springs High School.

Mr. Bailey has laid down cement over the student's commons area and has placed benches all over the campus for the convenience of the students here at Denham Springs High School. He has also seen to it that there is a proper drainage system for any rains that fall but not over the top of the school building. He has also planted a lot of flowers and shrubs which are a favorite among the students and faculty.

Do Tell! Do Tell!

Most of us have to admit we have tuned into some juicy gossip at one time or another, even though we wouldn't want to be the topic of the conversation. Surely though, few of us

would mind listening in on or even spicing up the gossip with our own twist.

"I love to hear gossip because you hear the latest on other people," said junior Angela Digra lamo. "Although it is wrong I gossip, I wouldn't want to be the subject of the story!"

Even though sharing "vital information" can be fun it can also be harmful because the juiciest gossip is usually the least truthful.

"To keep from losing friends, I tell the whole world what I've heard," said junior Peaches Clark.

As someone once said, "Bad news means good news."

Riding The Cheeseboxes.

For many students, the time has come to say goodbye to the school. The time has come to say goodbye to the school. The time has come to say goodbye to the school.

When asked how she felt about riding the cheeseboxes, the very first student to ride the cheeseboxes said it was a matter of time.

The first student to ride the cheeseboxes was the first student to ride the cheeseboxes.

Chaperones

Chaperones, what would we do without them? Without chaperones, we could have no extra curricular activities such as dances, trips, and even the prom. The teachers and staff give their free time to watch over and keep our students in line during these activities.

When Ms. Kathy Johnson was asked how she felt about being a chaperone, she said: "Sometimes it can be a lot of fun, I've always found our students to be terrific," and when Mr. Paul Tyler was asked he said, "The students are really good most of the time, and I enjoy it a lot." Thanks teachers, for helping out!

Coke Is It!

"Have a Coke and a Smile!" Coca-Cola shirts have risen to be one of the hottest crazes of the 1986-1987 school year. At first the Coca-Cola company started out with the original red and white, short-sleeved shirts. Now they have expanded their line of clothing from swimsuits to blue jeans in a variety of styles and colors. Coca-Cola, advertising, and You!

Everyone is excited about wearing the new Coca-Cola shirts. They are white and red and keep the eyes of the entire school.

Many of the students who wear the Coca-Cola shirts are from the school. They are from the school and are very proud of them. They are from the school and are very proud of them.

Students' Point Of View

Some people are wondering why the football players decided to get crew cuts, and what does it help while others think it's just funny.

Student Shannon Thornton said "They do look cute, at least some do but I still don't know what the reason is for doing this. Does it bring luck?"

Another student, Cary Beth Rector, thought "it's really funny because if you yell at a football player

and call him 'skinhead' about ten guys turn around. They all look alike.

It may not bring luck, and it might be funny, but as junior Cole Dorrn stated, "it's a good tradition because it gets everyone excited about the year and it's one I hope will continue for many years after we are gone."

Showing off their new hairstyles are football players Chip Lovett, Will Davis, Shawn Dugas, Cole Dorrn, Brian Langridge, Jamey Walker, Brandon Kunette, Randy Wilson, Brent Newsom, Coy Berthelot, and Tommy Hodges.

Sophomore Holly Houston watches for her cue to begin the next routine

A 'Cut' Above

Every year before the start of the season, for at least the past five years, the football players all get crew cuts. This year was no exception.

Senior player Doug Harter believes, "It's a way to show dedication to the team for our senior year, and it was really cool when everyone else followed along."

The senior players are usually the first to cut their hair, then most of the other team members follow along.

"Everybody tried to get me to cut my hair, but I really didn't want to be like everyone else, so I left mine long," said senior player Randall Pitre.

One reason the players chose to do this is because it is somewhat of a "tradition," but there were also other reasons.

"We really did it to get everyone else ready for the start of the season," said senior Brian Alexander.

This wasn't the only other reason. Junior Myles Holyfield said, "Some people might look ridiculous, but sometimes it intimidates the other team," and seniors Brandon Kunelke and Karl Tuttleton said, "We just caught a wild hair."

Seniors Karl Tuttleton and Brian Grudge were among the majority of 11 tall team who got crew cuts. They went carefully to see that the beauticians make no mistakes.

Double Duty

Have you ever had the feeling that *all* the teachers are ganging up on you? That you just can't believe that *every one* of your teachers have given your homework? Did you ever stop to consider the fact that teachers have to do twice as much work as students? Teachers not only have to grade 150 student papers, but also average grades, then record them

"Something To Smile About."

Friends are some of the things that help us get through school. They pick you up when you're feeling low, and are always there to make sure that you're having fun. They help you study and also drive the telephone operator crazy. They are there for you anytime you need them, and you are there for them in return. No matter where you are, you will always have a friend who gives you "something to smile about."

Sophomores, Rianna O'Regan, JerLyn Kunkel, Beckie Rosevear, Kasey Kidder, Renee O'Neal, Jill Morgan, Tamah Smith and Krysta Schenk all have "something to smile about" — friends.

"They're A Perfect 10"

"It's nice to know you're representing your class in the school," says sophomore class secretary Laura Schmitt on being a class officer. Sophomore vice-president Lori Lamm was very excited because she got elected, "and it's a big honor!"

All class officers share these feelings about being a class officer. Together they create a new exciting group of class officers to lead the sophomore class through the year

Spreading class spirit and making good examples of themselves, these class officers are constantly keeping with the Yellow Jacket tradition of pride and friendship in Denham Springs High School

Sunglasses seem to be the thing to wear no matter what the weather is like. They go with everything and almost everyone here at DSHS loves wearing them just for the fun of it. When Erin Davis was asked why she wore sunglasses, her response was "Because it's cool." When Lana Dugas was asked why she wore them, she said "Because I don't like the sun in my eyes." Whatever the reason is that people wear them, sunglasses are here to stay this year.

New Kids on The Block

Not only do you get stuck with the label "new kids on the block", but you're also faced with the responsibility of making the transition from junior high school to high school. These are some of the problems freshman students at Denham Springs High School have to face. "I like high school so far. I feel like I have more responsibility, and I'm more confident when it comes to studying", said freshman Mimi Singleton. Some students, however don't adjust as easy as others. "I thought I would die because my classes were so hard, but after a while, they seemed to be getting a little easier", said freshman Tiki Phillips.

Days Of Our Lives'

"As the World Turns," "Another World," and "Days of Our Lives" are just a few of the soaps many teenagers stay home to watch. While many people think watching soap operas is just for females, there are many males who enjoy them also. "I love soap operas My favorite is "The Young and The Restless," said junior, Chris Duncan

Going to school presents a problem for soap opera lovers, therefore many have found a way to overcome it. "I tape about three a day on my VCR," said Junior, Shavon Robinson

Victories To Come

Not often does a freshman football team make an impact such as was seen by this year's squad. Keeping their challengers at bay and never relinquishing their hold, the freshman Yellow Jackets have inspired a new feeling of Denham Pride in our students. "Our senior year is going to be great with this year's team," predicts freshman Rhett Wilcombe. Indeed, the class of 1990 will continue the tradition of Yellow Jacket victories for the next four years.

The class of 1990 proudly displays pride and spirit.

Members of the spirit team of 1990 are always prepared with spirit banners to cheer the freshmen on to victory.

Tearing their way through a spirit sign, the freshmen prepare to defeat their opponent.

Kachunka, kachunka goes the copy machine. It offers a steady lullaby to slowly persuade teachers to sleep while they stand guard over the old fashioned "mimograph" machine.

The expensive technology of the 80's has yet to find its way into the teachers' lounges of Louisiana. Oh, sure the lounge has a Xerox machine, but it over heats after printing more than fifty copies. You just can't get the same effect from the smell of a freshly Xeroxed paper that you get from the smell of the ink from a freshly mimographed paper.

Therefore, teachers will continue to stand over the "old timer" as it slowly coaxes them to sleep.

The Athletic Department is extremely proud of its players, and all of their dedicated fans. Whether rain or shine, the players always put forth their best effort. "I love playing softball. Mrs. Leader is a great coach, and I enjoy being around her," said junior Tawayne Donahue.

The pride of the coaches shows through at all games. They put countless numbers of hours, preparing scouting reports and keeping up the field house.

Also playing a vital role in the success of the Athletic Department is the student body. Their cries, cheers, and inspirational chants inspired the athletes to victory.

The success of Denham Spring athletics should be attributed to the hundreds of men and women who wear or have worn the purple and gold in competition over the years.

The winning tradition can be felt in the administration, faculty, student body, and community. The coaches that have spent many hours molding each player into a vital part of the team are the ones who have contributed the most to the success of the Athletic Department. "I enjoy helping all of our baseball players, because each of them put forth timely effort that generally pays off in the end", said Coach Tony Terry.

"I enjoy participating in many sports here because my coaches give me a lot of encouragement, and confidence that I use to get me through rough times", said junior Tia Meadors.

"Return To Cinders"

Ask any track member to describe the sport of track with one word and they will say **determination**. Determination is that special quality in a person that makes that person run when his feet are aching, go on when he really wants to stop, and finish the race when he comes in last place. At the beginning of the season, each member sets a goal, whether it be to run an extra mile, jump an extra foot, or beat a past record. Then he works practice, sweat, cry, laugh, and push until he reaches that goal. It is this determina-

"We didn't do as well as we had planned, but we held our heads high and never gave up. We knew we had something to prove to the coaches, fans and especially ourselves," said senior player Karl T. Johnson about the season.

Under the leadership of head coach Harold "Butch" Wax, the Yellow Jacket team worked hard all year to improve their skills. Although their record was not as good as many had hoped, they did not let this get them down. Instead they looked ahead with optimism.

"We played some tough teams. In fact, four out of the five teams that defeated us made it to the play-offs. I'm just glad to be coming back next year to have a second chance," commented junior Jamey Wyker.

This year the Junior Varsity football team worked hard and were able to win district and qualify for the J.V. Bowl.

"Getting to the J.V. Bowl was really

an accomplishment. Even though we lost, we really played hard and stuck together as a team," commented player John Tate.

Coaches Tony Terry and Tommy Cothorn were behind the team all year, making sure they played their best.

"We really appreciate the coaches for the hard work they've put into our football team," stated Kevin Katzenmeyer.

The team's hard work paid off this year. They finished the season with a 4-4 record and a positive attitude about next year.

Being quick on the call is important. These players get ready for the play to begin.

Headed For The Top

The Denham Springs High School Junior Varsity Baseball team for 1986-87, did a good job this season of showing "everyone else" just what they could do. Coach Tony Terry held the guys in after school everyday for many hours of practice in an attempt to improve the building skill of the young Yellow Jacket players. Apparently the hard work payed off. The team had a fairly good season. Although they didn't win every game they played they never gave up. The school spirit and team effort never seemed to get away from these guys. When asked what he liked most about playing for the DSH Junior Varsity team, Junior Aaron Hood said, "The thing I like most is the team spirit but the turn out of the Jacket fans is very important also. We appreciate you Junior Varsity Yellow Jackets, for a job well done!"

Something Special

Coaches and athletes Watson and Farrow prepare to present awards to their players.

At a luncheon words Kelly Small, John McDowell, and Larry Fawcett let Billy Davis speak for the basketball team.

Imagine a room filled with athletes and their coaches. They're not practicing, nor are they competing. There are no cheers to be heard from the crowds, nor is there any sweat to be wiped from their brows. That is because they have met for one reason only—to be honored. Tonight, coaches will recognize their players, and award them with plaques, trophies, and certificates for the hard work and dedication they've shown. The athletes will also get a chance to say "thank you" to the men and women that have worked so hard to insure their success. It is a special night filled with food, fun, and laughter, that is not to be forgotten by the athletes and their coaches.

The 1986-87 Yellow Jacket basketball team broke a long, dry spell by winning the district championship. In a twenty year span, though there were several successful teams, the varsity did not win district. This year, in a spectacular season finale play-off win against arch rival, the Baker Buffaloes, the #1 Jackets advanced to the play-offs. From there, they defeated fierce AAAA opponents, Chalmette and John Ehret, only to fall by one point to G.W. Carver, ending one of the most exciting seasons in Yellow Jacket history.

The Freshman and Junior Varsity basketball team was ranked high among the other schools in the district. The team strived for perfection by practicing everyday after school and on weekends. Sophomores Chris Pope and Tommy Juban also played on the varsity team.

Strength, courage, and character are the keys to success. This along with hard work have paid off tremendously for the Lady Jackets.

"These girls are great," said Coach Nikki Leader. "They are constantly striving to work harder". The Lady Jackets record was 19-9.

"I enjoyed working under Coach Spangler, and Coach Leader. They taught me that basketball is a team sport, and that in order to win, you have to put every effort forth," said senior Carlyn Spangler.

Versatility, and teamwork played an important part this season. Confidence stood out among each player, and everyone felt like they were a part of a winning team.

Both coaches feel that motivation, and determination are important factors in order to win. Not only were they important this season, but it helped the Jackets to a winning record.

"I tried to work extra hard this season. I had a lot of help from Coach Spangler, and Leader", said Junior, Tia Meadors.

With each team member working hard each season, and demonstrating excellent skills, the Lady Jackets will definitely have more winning seasons to follow.

At Denham Springs High School, extra-curricular activities are important. There are a wide range of clubs to join. One can join a group that shares his or her common interest. Denham Springs High School is committed to the concept of student growth and development through active participation in these various groups. These organizations help the students' sense of self worth, their ability to work with and lead others. The groups also allow the students to express their concern for the campus environment.

Denham Springs High School has sixteen organizations which students may join. The Jackettes, perform at pep rallies and various athletic events. The cheerleaders organize the pep rallies and promote school spirit at the pep rallies and various athletic events.

Summertime Blind

Ever heard of snowblindness in mid-August? No one has. Unless, of course, they went to recess at the beginning of the school year.

No, it was not snow, but it did resemble it in many fashions. It was yards of concrete freshly poored over the campus to improve drainage. The new concrete was so bright that just looking at the sunlight hit the cement hurt your eyes.

Many students, as well as teachers, took to wearing sunglasses, not only to

look "cool", but to protect their eyes from the sun as well.

"At first, recess was a pain because the cement gave me headaches, but now that the cement has dulled, I enjoy having the campus this way," said junior Jenny Gurley.

Not all students were bothered by the cement. Junior Lee Giroir said, "It's the closest thing to snow Denham Springs will ever have."

Recess never seems to last long enough. Charlet Burton, Bonnie Segon, Pam Miquez, & Lisa Wilson try to finish up a conversation before the tardy bell rings.

Dancing The Year Away

The Denham Springs Jackettes have had a very exciting and busy year. Last summer they attended a dance camp at Southern Methodist University in Dallas Texas. While attending the camp they learned new dances, made new friends, and were able to compete. In competition the girls did very well, winning the Sweepstakes Trophy as a group and individually winning sixty-eight blue ribbons, sixteen red ribbons and one white ribbon.

After returning from camp, the Jackettes leaped into the school year, performing at pep rallies and football games. They also held a dance clinic for all girls grades K-12. These clinics were held in the fall and spring. Girls that won at the clinic got to dance at a basketball game. Despite all of the fun the girls were having with their activities, they said that being picked as one of the three teams in the state to dance at an L.S.U. basketball game was by far their favorite event of the year. The girls did so well that they were asked

back for next year.

Part of the reason the Jackettes have accomplished so much is due to their relationships. Ivy Cody said, "Jackettes are some of my closest friends because we spend so much time together." Colonel Lane Satcher has been a Jackette for three years. She has seen the progress of the past few years and this year she had big plans. "At the beginning of the year we set goals to improve ourselves as performers, as people, and as friends. I think we have reached our goals," said Lane.

Cheering On The Best

Whether screaming at the top of their lungs during pep rallies in the girls gym, or jumping up and down on the sidelines of the football field, the Yellow Jacket cheerleaders are always demonstrating their spirit and enthusiasm.

Not only do they sponsor dances, sell fight tags, and participate in community programs, but each day the cheerleaders are constantly sharpening their cheering skills.

A lot of hard work and dedication goes into every practice, and the results are seen in every cheer, and performance. "We try to work hard and come up with a lot of cute, but different skits that we think our fans, as well as the players will enjoy", said junior Angie Bergeron.

The cheerleaders have pride in what they do. Each person works hard for respect, and it shows through at all sporting events. "We put in a lot of time and effort into cheerleading, however it is worth it. Knowing that we please our fans, and athletes makes me feel great," said senior Nan Duke.

Nothing But The Best

Hard work, dedication and pride are the things that keep the Denham Springs High School band going strong. They practice for hours upon hours to perfect their performance for the Friday night football games. When football season is over, there is always something else brewing in the pot. There are pep rallies, many festivals, and there is always a good parade with the proud yellow jacket band marching with their heads held high, standing above the rest.

This year the band tried something different, and it was a **smash hit** with

Speak Your Mind

A vital lesson from a person's education is his ability to speak proper English. Students, beginning with the class of 1988, must have four years of English. Unlike elementary and junior high, grammar and literature are split into one semester each. Every year students complain about what English teachers they have. Although the English's are the same, the teachers have different ways of teaching. Some are hard and some aren't, but each course contains basically the same material.

Instead of taking all four English's, some people choose to take Speech in place of English IV. Many feel that they will have a better chance of passing by taking speech, while others stick it out in English four. Denham Springs High only has one speech teacher, she is Mrs. Mary Ballard. So what will it be, verbs or commercials?????

Hola, Aime

There are two very important languages held here at Denham Springs High School. They are French and Spanish. Now that most colleges are requiring two years of foreign languages to incoming students, many are fulfilling this requirement.

French is a vital language here in south Louisiana. A large percentage of the people in Louisiana speak Cajun French, so it helps to have some background in the language every now and then. The French teachers are Mrs. Tammy Jackson, Mrs. Bergeron, and Mrs. Lazarre.

Spanish is probably not used as

much in Louisiana as French, but it is still important. The Spanish language is not as hard to learn as French and many words are almost the same. The Spanish teacher is Mrs. Bergeron.

"I have had French for two years and Spanish for one, and I find that I enjoyed French much more," says Junior Angela Digirolamo.

"I took French because most of my family speaks French, and I always hated it when they would say things in French and I couldn't understand a single word that they were saying," said Junior Jill Boudreaux.

"Grand Old Days"

History classes, including Civics, Free Enterprise, World History, and American History, have always been the underdog of required high school courses. Often considered boring or too tough because of the names, dates, and places which must be memorized, history classes are not usually a student's favorite subject. "I just never can remember who did what!", complains junior Jennifer Rhodus about her history class.

"There's nothing to it; it's just reading and work," says history student Jason Hull of his class.

Fortunately, for history teachers, not all students share this opinion of history classes. Many students feel it is helpful to learn about man's mistakes and achievements in the past. Says sophomore Penny Spillman, "I think it's interesting to learn about things that happened a long time ago."

Some history teachers here at Denham Springs High School try to include quizzes and extra credit reports for bonus points. These activities help students catch up on the subject and make a few extra points along the way.

Coach Dodson, who teaches civics, comments, "I don't like to give bonus points, but if a student researches a topic and reports on it, I feel he has earned them."

All students have their own ideas about what a history class should be. But, regardless of good or bad feelings, history is still a must.

Ricky Johnson, Co-President of the Student Body, says history should be a group.

Junior Jeffrey Labonde tried to convince his History teacher, Mrs. Dawson, of the importance of the history of the South to America. However, Jeffrey had to be told that history is not a group.

These are just a few of the many questions that might be heard in any of the Computer Science, or other math classes at Denham Springs High School. Some people may wonder, "Why take these classes if they are so much trouble?" Senior Lane Satcher said she took an Advanced Math class because "I thought it would help prepare me for college. It is a hard course, but I thought it was necessary."

Along with Lane there are many other students who are getting prepared for the future. Senior Brian Langridge says that he took Computer Science because "It's a very challenging course, and I believe that computers will be the thing of the future."

Although some students may find

certain math classes necessary, but hard, there are other students who enjoy their classes. Senior Doug Harter says "I enjoy math, and I know it will help me in college, so I really don't mind taking these classes." Also, another student, senior Erin Davis, stated about her Computer Science class, "I enjoy working with computers, and my ability to do this will benefit me in the future."

Students are required to have certain math credits for graduation. In addition to these credits, they may elect to take other math courses, as many students have done. This system lets the students decide which course will prepare them for their futures.

Reaching For The Top

Ambition means competition. Everyone wants to be "on top". Because of this competition, teenagers entering the "real world" rarely have a chance to succeed when they must compete with those who are already on top. To help these students as much as possible, DSHS has developed a very advanced training program for students to enter the workforce. This program is designed to help students gain the skills and experience needed to succeed in any field. DSHS also offers students a chance to use these skills in COE and CDE programs. These programs allow students to receive on-the-job training while earning experience, school credit, and money. The jobs may also be jobs where they can work after graduation or even settle in for a career. They may even advance to become "on top" of that field. Senior Sandy Mons says she likes CDE because, **"It makes it easier to go to work than it would be if I had to go to school all day and then go to work."**

"A" students no doubt! Students William Saub, Jeff Caskey, Mary Jo Foster, and Kileen Carson show proper typing techniques.

Seniors Rebecca Payne and Christine Abello use teamwork to get through clerical practice.

Complete concentration is the key! Senior Liz Palle reconsiders her final answer before turning her paper in.

Losing all concentration, junior Mary Fosse doesn't find the interruption to be very amusing.

Students often find time to enjoy their classes. Junior Anne Wilkerson has fun doing her hair.

"I'm so confused!" Junior Orr becomes very involved in her work at the typewriter.

It's that time again. Your brow starts to sweat, and you begin to feel like you're going to die! It is a temporary illness all yearbook staff members encounter, and it only comes near dead-line date.

Deadline dates always seem to come much too soon. A week before the deadline comes, the yearbook room seems to lose the lighthearted chatter and the usual pleasantness in the air. It is replaced by rushed layout sheets and editors' cries of "revise it!! Revise it!!"

Practical Plans And Production

Craftsmanship is a trade that is alive and well in our own high school. Agriculture and industrial arts are two classes in which students are taught every aspect of working with metals, wood, wiring, and the land. "It is helpful to know how things are put together and made," explains sophomore Lee Goodson.

Some of the products of the industrial arts classes are bought by the students who make them. "I sometimes give some of my projects away as presents," comments junior Steve Davis.

Before any work takes place on a project, a student must first carefully plan out what he will be doing. Therefore, industrial arts students learn how to draft things first. Drafting in itself is a very successful trade to get into. "It is interesting to try and create something on paper, then see if it will work," says

junior Shay Cooper of his drafting class.

Agriculture class is 100% natural. Working with the land and its many products as well as electricity and wiring, these students are learning about the basics. Pat Mason points out, "We learned about several different things in one class."

Everyone may not take an industrial arts or agriculture class, but these are two courses that can be very helpful no matter what you have planned for the future.

Academic Excellence

Academic excellence can be described as reaching the pinnacle of achievement. Denham Springs High School earned more than its share of recognition this year thanks to the outstanding efforts of a select group of students.

National recognition was bestowed upon two art students, Vikki Shaftett and Marita Doolittle who placed 1st and 2nd in Mothers Against Drunk Driving Billboard Competition.

Additionally DSHS students placed in district and state literary rallies, local essay contests, and in fact, in competition in which they entered.

Other members of the literary rally team are Mike Crowder, Civics; Brenda Young, Bookkeeping and Accounting; Richard Brown, Biology II; Billy Davis, Physics; Patchy Mincey, Physics; Juliana Pope, Spanish I; John Patch, Art History; Jennifer Wardlaw, Civics; Leanne, Human Development and Family; Pat Connolly, Agriculture; Mr. Treasemore, Laura Granter, Chemistry; Angela Baker, Chemistry; Kelly Thomas, Typing I; Cindy Deaton, Typing I; John for Webb, English.

Grand Achievements

Webster defines success as "achieving a personal aim". Every day students set goals; some are very high while others aren't so very high. Some students set their goals upon entering high school; some goals aren't reached, while others aren't only reached, but are exceeded. These people are successful. They are the valedictorians and honor graduates of 1987. They set their goals and they achieved them; they deserve recognition and congratulations. Denham Springs High School salutes them. Valedictorians of 1987 are Veronica

Haynes and Buddy Mincey

Other honored graduates maintaining a 3.5 or better average are as follows: Ron Camp, Lisa Collins, Billy Davis, Fabian Didier, Lisa Doiron, Manta Doolittle, Eric Grimmer, James Hood, Brian Kellyer, Paige Kirkendoll, Brian Langridge, Annette Loper, Kathy McIntyre, Angie Molcany, Deanna Murphy, Jennifer Orr, Joel Ritchey, Elizabeth Shephard, Tricia Smith, Carlyn Spangler, Yance Stam, Grant Stevens, Joy Tesel, and Laura Whitehead.

Using Creativity

The Art classes at Denham Springs High school are really fun classed where students can use their creativity. 'Mr. Matlock is a great teacher; he lets us enjoy a casual atmosphere,' commented junior Vicky Duncan.

First year art student Melinda Peel said, 'I've learned a lot because there is always room for improvement. When you make mistakes, Mr. Matlock lets you know that you're only human.' Classes are offered to all students ranging from Art I to Art IV. In the first and second years, the basics are usually learned. In the third and fourth year classes, more experienced students are encouraged to come up with their own assignments or interests.

These students are suffering from the feared 'Art Head' disease.

Second year art student Cary Beth Rector uses the new light table for tracing her project.

Metamorphosis drawings are one of the projects students like best. Sophomore Scott Corbitt works diligently to finish his drawing.

Practical Practices

"Are you **SURE** that we were not suppose to put the peanut butter in?", "Do we have to eat this stuff?" "I can't clean up this mess by the time the bell rings"

If you are standing outside Mrs. Dutch's class these are a few of the comments that you might hear. Home Ec. is a great course for those who plan on cooking, mending clothes, planning a budget, or learning about household appliances.

"I like the days that we cook," said junior Shelly Clary, "even though I hardly ever get a dish to come out perfect"

Home Ec. isn't only for girls, the guys that plan on "roughing it" for a while ought to be somewhat interested in Home Ec. So if there are any guys that want to show some girls what they can do in the kitchen, prove it in Home Economics!

Fitness Can Be Fun

Do you want to get in shape or try to keep the one you have? Then Physical Education (P.E.) classes are the place to be. Physical Education teaches students how to condition themselves and how to stay fit and healthy for life. Physical Education allows students to compete against each other.

Physical Education is a required subject that must be taken for two years to graduate. Because of the new requirements for graduation, the average students may be unable to take additional classes of P.E.

Mrs. Dot Hammock, Mrs. Nikki Leader and Mrs. Mabel Guntz are the coaches of the girl's Physical Education classes. These coaches instruct their classes in such activities as tennis, soccer, softball, square-dancing and also modern dancing, volleyball, bowling and aerobics. These activities keep

both the teachers and students in shape throughout the school year. Participation in these sports by the students enables them to meet people and become friends with new people.

The coaches that teach the boy's Physical Education classes are Coach "Butch" Wax, Coach Steve Long, Coach Lloyd DeGeneres, and Coach John Watson. These coaches teach their classes to play such sports as flag football, volleyball, and softball.

Denham Springs High School has an outstanding faculty of coaches who take pride in their jobs and who care about what their classes learn. The main goal of all of the coaches - both girl's and boy's - is to teach their students good skills and good habits that will stay with them throughout the rest of their lives.

Stretching out is an important part of daily exercise.

Ricky Ellis, Tony Graham, and James Johnson listen attentively to the day's instructions being given to them by their coach.

On cold days, Jodie Brewer, Amanda Russell and Christi Deason try to keep warm by wearing their street clothes.

Serving Their Best

Whenever you think about community organizations, 4-H Club always tops the list. Not only were they involved in the Heart Fund, National Grandparents Day, National 4-H week and Achievement Day, but they also have been actively involved in thirty three community and school projects this year.

Longtime sponsor Charlotte Hutchinson said the purpose of 4-H is "to train leaders to live tomorrow."

The officers for the 87 year include Brian Keller, President; Andrew Lewis Vice President; Becky Amacker, Secre-

tary Treasurer, Candis May, Reporter, and Lorie Williams, CDR Chairman.

"I enjoy being in 4-H, because it gives me a chance to help people while I'm also helping myself," said sophomore Lori Lamm. Other actively involved members include Angie Harris, Roni Harris, Gary [unclear], Sonay Ohmer, and Richard [unclear].

"The hard work and dedication of our members always show through at the end," said sponsor Diane Morgan.

A Little Help From Our Friends

We get by with a little help from our friends or in our case, we get by with a little help from our office, guidance and library workers. We just couldn't do without them.

These workers go the extra mile to help things go a bit easier during school. By checking people in and out and answering phones, office workers give the secretaries a chance to get some work done. Library workers do much of the same, checking books in and out and assisting students in finding needed materials. Guidance workers help with much needed chores everyday.

The enthusiasm behind their work is revealed in the quality they put out. We couldn't do it without them.

FCA, Fellowship of Christian Athletes, is a club dedicated to a cause. Besides inviting new members to join, FCA also gives regular members a chance to hear the Word taught by many interesting speakers.

"I really enjoy hearing the various speakers' different viewpoints on issues from the Bible and from everyday life," commented FCA secretary, junior Joanna Beattie.

Whatever their reasons for being a part of FCA, all of its members share a common bond — the desire to share their faith.

"Crossfire Ablaze"

Crossfire Campus Club began this year at DSHS. It's not a club, but rather it's students reaching out to fellow classmates. They try to share the happiness and peace that they've gained. When spreading the news that God loves everyone, these young people help others to see that drugs, alcohol, and suicide are never the answers to problems.

Each Thursday morning students meet to hear why they should give it all to Jesus and rejoice in His goodness.

Mrs. Hughes, the sponsor, believes, "Crossfire Campus Club is a great encouragement to Christian students. They know that they are not alone on campus, and it makes it easier for them to take a stand for Christ." Many can truly agree with junior Missie Collins when she says, "It's one of the best things that has happened to this high school."

"More Than Just Farming"

FFA is a very strong club at Denham Springs High School. Most of us recognize FFA simply as a club to help sharpen farming skills, animal husbandry, etc. There is, however, more to FFA than these few skills or apprenticeships. Leadership and speech techniques are taught to selected members of FFA, such as parliamentary procedure and various other seminars. Members may also participate in other programs such as welding, plumbing, land surveying, and maintenance on small engines.

Reflecting on parliamentary procedure, senior Buddy Mincey said that **"FFA has enabled me to express myself to others and feel comfortable in front of a group."**

Junior Damon Casper and Anthony Clarke apply their skills as they were elected officers.

"Student" Teachers

"No way! I'm not gonna be a teacher! Who wants to go to school all these years just to come back and work in one?" This may be the attitude some people have about teaching, but there are others who would really consider teaching as a profession, such as the members of Future Teachers of America.

"I really like helping other people, and teaching is a great way to do just that," said senior member Darata Aultman.

Throughout the year the FTA club is involved in many activities, such as teaching in local elementary schools, giving a teacher's tea, and having fund raisers.

"Every year we try to let the members teach at least twice. This gives them an idea of what it's really all about," said FTA Vice President Tammy Mazie.

Also each year the FTA club gives a teacher's tea for the faculty. This gives the faculty an extra special place to come on their break.

Senior member Jenny Crow stated that "the teachers really appreciate the teacher's tea we have, and it gives the club a chance to do something for the student is because the teachers are in a

pretty good mood after their visit to the lounge, which helps us out in class."

Future Teachers of America is just one of the many clubs at Denham Springs High School, but if you're interested in being a teacher or just like the activities the club is involved in, then **FTA is for you.**

"Together With Disney"

The senior class (as well as a few juniors) did it "Together with Disney", over the Mardi Gras holidays.

By driving all night long, anticipation grew, as did shaving creme on the bathroom door handle. Sleeping was made difficult due to the lack of cooperation from the bus seats.

Quite a few showers were taken on the bus because of smuggled ammunition; waterguns that is. Automatic, as well as hand, waterguns were taken aboard the bus and used to drench slumbering passengers.

Many people were also the victims of practical jokes. Plastic flies found their way into drinks, Exlax was discovered in cheeseburgers and grasshoppers were conspicuously hanging on to lightswitches.

It was definitely a memorable trip Mickey, Figment, and Captain EO will never be the same.

Long days resulted in tired tourists. Senior Tonya Sharon sleeps like a rock in her Holiday Inn hotel room.

"Keyed-Up!"

The Keywanettes were organized at DSHS in 1979, and Mrs. Tanner has been their sponsor since then.

This service oriented organization is dedicated to serving our school and our community in any way possible.

For fund raisers each year, the Keywanettes sell football programs and are in charge of the Easter Boutique. From the funds, scholarships are awarded to the outstanding senior Keywanette; contributions are made to Dream Come True and to the DSHS administration.

Weekly, the Keywanettes are involved with volunteer work at the Golden Age Nursing Home, and almost every member volunteers to baby sit.

Upcoming: Shawn Langridge counts up her total Keywanette hours and then compares them with the total that Mrs. Tanner has during a meeting.

Academically Excellent

The pride of Denham Springs High School, the Junior National Honor Society and the Senior National Honor Society have many members who reach above and beyond the average to achieve and maintain at least a 3.0 grade point average. Not only are these students intelligent, but they also must be respected throughout the school. "We are supposed to be examples to other students and help them do better if we can," says sophomore Monica Sanders, a member of the Junior National Honor Society.

Students are first selected for their grades. Then they are invited to the meetings either the Junior National Society or the Senior National Society. After these first meetings, the students

are invited to join the club. "Later on when you apply for a job, it looks good on a resume if you were a member of a high achievement club like Senior National Honor Society," points out senior Wendi Watts.

Shh - Shelve It DS Library Club

The Library Club is one of the most active clubs at Denham Springs High School. The Library Club consists of approximately forty members who work on various service projects throughout the year. During the football season the club sponsors the Homecoming Dance. For Thanksgiving, the club provides two families with Thanksgiving dinner. At Christmas time the members sing and visit the residents of Golden Age Nursing Home. One of this year's largest projects is helping Seventh Ward Elementary establish a library. Several times during the school year the club members dress as various book characters and visit elementary schools and read to the children. In February the members attend the Library Club State Convention. **The Denham Springs High School Library Club is proud to have two state officers, Dee Dee Strickland and Lisa Guidry.** The club finishes the year with an educational excursion.

"Leisure And Industry"

The Industrial Arts Club is relatively new at Denham Springs High School. It consists of students in classes ranging from metals to drafting. We have the largest Industrial Arts club in the nation.

Many feel that it is important to have a basic background in these types of vocational classes. Industrial arts offers these special students not only this type of education, but also the wholesome experiences of belonging to a club.

Exclusive . . . For Members Only

The Student Government Association is an exclusive club. A club exclusively for leaders only. The members are voted in by their classmates.

First hour classes elected their SGA representative. The class nominates candidates and then votes on them. One representative and one alternate is elected from each home room class.

At the end of each school year, executive board elections are held. Any member of SGA can run for an office. A school assembly is called for the candidates to give their speeches. After the assembly, students vote for their candidates.

It is an exclusive club for members only. **Only** the best members make it work.

The SGA officers are: Bruce Easton, Ronnie Howard, Mary Whitman, Nan Decker, Athyon Pope, Crystal Lott, Tia Meadows, and Monte Johnson.

Old Artists Would Appreciate Young Art

If Michaelangelo or Pablo Picasso or even Van Gogh had been able to join a club they probably would have joined the same one, YACA. YACA offers a chance for young artists to compete within their abilities. A convention is held annually to give students around the state to show their work to their peers and to gather professional opinions about it. Though Picasso and the rest made it on their own, YACA might have made it easier.

A Cultural Advantage

For many students, the Spanish Club is a place where they can connect with their heritage and learn more about their culture. The club provides a safe space for students to practice their language skills and share their traditions with others. Many students find that being part of the club helps them feel more confident and comfortable in their own skin. It's a great way to build self-esteem and learn more about the world around them.

One of the best things about the Spanish Club is that it's a place where everyone is welcome. No matter what your background or how well you speak Spanish, you can join the club and learn more about the language and culture. It's a great way to make new friends and learn more about the world around you.

As one student says, "I like being in Spanish Club because I make a lot of friends and it's fun!"

"Anchor's Away"

The DSHS Anchor Club was established on May 26, 1986, with twenty eight members. It is a branch of the Denham Springs Pilot Club, an organization for professional women. The members' objective is to develop leadership, initiative, and personal integrity; they are to practice thoughtfulness and helpfulness to others. They are to emphasize the importance of home and family and serve their community in the most respectful way.

The talented group of students in our school are a true asset to our community. They are the ones who bring a sense of pride and accomplishment to our school. Senior Thea Lobell enjoys what made Burger King famous: a whopper shake, and fries

It's becoming one of the biggest problems for teenagers in America today-drinking and driving. This year our faculty, staff, the Denham Springs Police, the FFA department, and several of our students sponsored a "mock" accident for the prevention of drinking and driving. A poll taken in October of 1986, reveals that eighty-one percent of all high school students have experimented with alcohol and over one-half drink it often. Statistics also prove that teenager drivers cause the largest number of car accidents, the majority of which involves alcohol. Maybe you should think twice before drinking and driving or getting into a car with some one who has had too much to drink. Learn to say NO!

Experience is our best teacher. The seeming reality of Buddy Mincey's death in the mock accident made everyone think twice about drinking and driving.

It is always a privilege to be able to have foreign exchange students attend our school. It is culturally beneficial for both the foreign exchange students and the residents. Not only are they able to learn from our lifestyle, but we also benefit as we become familiar with theirs.

This year Denham Springs High served as host to Paola Cellerino from Milan, Italy; Hans Behrens and Andrea Krause, both from West Germany.

They came a long way to learn about us. Foreign exchange students have enjoyed living in the U.S.

Something . . . Different

"That's what friends are for" surely made a difference in a very special person's life this year. Students from Denham Springs High School and other area schools joined together to help out cancer patient Lori Nicks. The Spirit Committee of the class of 1990 sponsored a fashion show benefit. The endless hours of planning and hard work paid off when participants realized that their time and energy made a big difference in the life of Lori Nicks.

A special school assembly was held in honor of Lori Nicks. The money earned from the benefit helped to pay some of Lori's hospital expenses.

Each year Denham Springs High welcomes the eager faces of our future teachers. These potential S.L.U. graduates come face to face with the experiences that, up until now, they've only read about in their text books. Student teachers are required to make lesson plans, keep grades, and stand on duty. At some point during the semester they take on the job of actually teaching the classes in which they were assigned. Although their supervising teacher's never leave the room, they are given full control of running the class.

Student teachers make school a bunch of fun. Even student teachers need a break every once and a while to have fun.

Comfort is an important part of staying in school. Here are some fashionable boots that are comfortable also.

Totally Different

We wake-up every morning and get dressed and go to school. That's where most of us get our ideas about fashion. It goes from traditional blue jeans to elegant skirts, and everything in between.

Some of the "hottest" fashions this year are large bows, old faded blue jeans with holes in them, white boots, silver jewelry and accesones, mini skirts, and the long-waisted dresses. Some of the "hottest" hair styles are the medium bobbed, highlighted, colored and large bows, the banana clips. Many students have their own ideas about what they consider fashion, that's why everyone is totatilly different.

Prophet Or Profit?

The entire world of television evangelism was dealt a devastating blow as the Reverend Jim Bakker, president of PTL (Praise The Lord Ministries), was accused of having an affair with former church secretary, Jessica Hahn. None of the charges concerning Ms. Hahn were denied by Bakker, who has since resigned his position as president. The Reverend Jerry Falwell, founder of the Moral Majority, became the host of the

TV show "PTL Club", and assured donors that the ministry would survive. However, since the scandal began, contributions from donors have been on the decline for TV evangelist all across the country. It seems that the audiences which were once captivated by these TV evangelists are now very skeptical and reluctant in responding to their pleas.

Barry Seale, a major drug dealer who later turned informant, was murdered February 19, 1986 at the Salvation Army Center in Baton Rouge. Seale, who refused government protection, was gunned down as he attempted to get out of his car at the center. The trial, which resulted almost a year later, convicted three Columbian drug dealers for the murder of Barry Seale.

The Reagan Administration came under fire this year for its alleged contributions to the Contra rebels, using money made from the sale of arms to Iran. The United States has been supporting the Contra-rebels in their efforts to overthrow the Sandinistas, who have been supported for quite some time by the communist countries of Cuba and Soviet Union. However, much distrust and suspicion has crept its way into this nation's highest political office once again because of the secrecy that surrounds the case.

President Reagan felt that the sale of arms in exchange for American hostages was a justifiable reason for reopening diplomatic relations with Iran. However, the fact that it was accomplished without Senate approval has come under fire. It is a deception that is sure to make its way into our history books.

Music Memories

The music that captivated our ears during the 1986-87 school year was greatly influenced by superstars such as, Bon Jovi, Janet Jackson, Beastie Boys, Cameo, Ready for the World, Run DMC, and the Two Live Crew!

The 1986-87 school year saw many changes made in the Louisiana law books. A numbers game was played as the legal speed limit climbed from 55 to 65. Seat Belt safety also became a reality. The legislature passed a law making the seat belt mandatory.

Changes in the laws were accepted with mixed emotions. Many saw the change in the drinking age as a positive move in lowering the death toll due to drunk drivers. Others saw it as an injustice. "If I can die for my country, I should be able to buy a beer," said senior Mike Crow.

Most felt that the higher speed limit was for the better. However, many noted the irony of raising the speed limit and requiring that seatbelts be worn all in the same year!

When it came to the new seatbelt law, most felt that wearing one was probably the better alternative. However, the majority expressed much disapproval that it was made a law. "It's our life, and we should be able to make that decision for ourselves", commented junior Pam Reppond.

Only time will truly test these new laws. Maybe they are valid changes and will endure; and, then again, maybe they will not!

Hard Workers

Of all the staff at Denham Springs High, the lunch room and custodial workers are the least recognized at our school. We all appreciate their efforts very much. It would be very hard for most of us to get up so early day after day and clean floors, mow grass, clean restrooms, cook lunch and clean up for 1400 students. Our janitors and lunch room workers tirelessly labor on in their thankless and over looking deed.

Let us give them a shout out for all that they do for us great people! They are Back row: Janet, Donna Gaudley, Donna Perkins, Wilma Lewis, Diane Jackson, Bridget Tylor, Brent and Wendy. Second Row: Jean Gregory, Opa...

Memories To Keep Forever

Mrs. Vera Lazarte took a group of students, their relatives, and friends to see the beautiful land of Canada.

The group left Saturday morning April 11, from the New Orleans Airport and arrived safely in Montreal, Canada at 3:51 p.m.

They visited many of the famous monuments, walked along the crowded streets, and went on tours everyday.

At night they would go to quaint restaurants and enjoy the delicious Canadian and French foods that they were served.

Everyone that went had a great time and many loved their tour guide whose name was Alan Murphey. On April 18 they loaded onto the plane at noon and arrived home bearing gifts to share with everyone and memories to keep forever.

Remember

Each year a special event takes place that no one is soon to forget. In years to come all who attended Prom will say one time or another "Remember?" Who can forget going to the nicest restaurants Baton Rouge has to offer — Joey's, Jacques, The Village, and Jack Sabin's? Also, who can forget how much preparation for this one date took?

"Prom was really special for me because it gave me a chance to share this special occasion with my closest friends, friends," says senior — y Rimes. Prom means very much to many people. Senior Wendi Watts said, "It was kinda emotional, because I knew this was my last prom. For a little while, everybody was in the spotlight." The Grand Event

Graduation is definitely a heartfelt event in a senior's life. Mariam Rifai said, "I only regret leaving, because I'll miss my friends and some great teachers." Everyone in Mrs. Hughes second hour class agreed, "We've looked forward to graduating for so long, but when it finally hit us; it's sad."

The graduating class of 1987 ended their high school years with many tears and much rejoicing. Graduation is the most exciting night of a senior's year. They're looking ahead to a new beginning. "I'll miss the fun I had, but I'm looking forward to more great times," said Paul Philips. The future has much in store for each and every one of the graduating seniors.

God has given us many blessings..
Two very special..
You are one of them.

If He had asked us to tell Him what
we wanted in a daughter..
Our desires were high..
He exceeded them with you.

We are so proud of you..
We are with you all the way.

Thank you for being "Our little girl".

The spring of 1986 was an exciting time for Denham Springs High School. On April 4, 1986 the juniors sponsored the Jr.-Sr. Prom, with the theme "A Night To Remember." In the late spring the yearbook staff sponsored the annual Denham Darling pageant. The title of Denham Darling was won by senior Christina Kabel. Melissa Baylous was chosen as Jr. Denham Darling.

Several national issues influenced students at Denham Springs High School during the spring of 1986. In January, the Challenger space shuttle exploded into a ball of flames, killing seven people. Another issue of national importance was President Reagan ordering retaliation against Libya for Libya's previous actions.

Spring sports were excellent during 1986. Denham Springs High School earned three state first place titles. Boy's baseball, girl's softball, and individual tennis were the three sports Denham Springs High School held state titles in.

After winning their respective titles, Sr. Denham Darling Christina Kabel and Jr. Denham Darling Melissa Baylous pose for the winners picture.

"Revenge Is So Sweet!"

In 1985, the Lady Jackets made it to the state championship game against Barbe High School. Unfortunately, they were defeated with a score of four to zero. In 1986, however, the girls softball team came back swinging. They were undefeated through the entire season, and once again faced the Barbe Buccaneers in the final game. This time they were the winners with a score of five to three.

The ladies say camaraderie and teamwork are what gave them such a successful season. Sophomore Larsen Tate says "We all work together and encourage each other. That is why we win."

Success was a feeling often enjoyed during the 1986 softball season. Junior Michelle Landry and sophomore Larsen Tate share a high five after a successful play.

Love Is In The Air

When Elizabeth Barrett Browning wrote "how do I love thee, let me count the ways ...", she obviously did not have tennis on her mind.

Love is an odd word. It usually brings pleasant thoughts and memories to everyone's mind except the tennis player's; love then takes a derogatory meaning. Love, in tennis, is not beautiful, it is not wonderful, and least of all it is not fun! In tennis, love is nothing. Ailch, none, not even one point, it is nothing.

Being in tennis is quite odd. At the

beginning of the game, the score is tied love-love or in more common terms zero-zero. The first points earned are fifteen, then thirty, then forty, and the next point wins the match. If the score becomes tied at forty, it is called a deuce. To win a deuce one must win two plays of the ball in a row.

Where love comes into the picture no one knows. Some seem to think it is because, whether or not the player wins or loses, he still **loves** to play ten-

nis.

Being mistakes is important.

Golf is a game that isn't mentioned nearly enough — especially around Denham Springs High School — especially since the 1986 Denham Springs Golf team placed first in regionals and fifth in state — especially since senior player Brian Goins received a scholarship to Southeastern Louisiana University for his excellent golf skills — and especially since they back up the reputation of Denham Springs High School as being **the best!!**

Not only is the team to be congratulated but congratulations are also due

to each individual player, the individuals who worked hard, practiced intensely and did whatever it took to make the team the best. Senior Reggie Poché states, "I like golf because it is one of the hardest games I've ever played mentally and physically; winning makes me feel great because the competition is so strong."

Members of the 1986 Golf team were: Tim McDowell, Brian Goins, Reggie Poché, Mike Bencaz, Tim Bencaz, Todd Bencaz, Scotty Martone, and Coach Mark Bencaz.

Giving a smile of congratulations to winner Melissa Baylous is first runner up Tia Meadors and third runner up Jean Hayes.

Dancing takes a lot out of people. Being a gentle man, Mike O'Neal waits patiently for Tia Meadows to take a break.

Grand Occasions

Prom and Graduation are two school happenings that are enjoyed and remembered year around by students at Denham Springs High School.

Prom is not only an exciting occasion, but it can also be a very expensive one. "You can expect to pay a lot of money for only one night," said Myles Holyfield, "but it is all worth it." The Junior class officers sponsor Prom, with the help of teachers Mrs. Glona O'Neal, and Mrs. Mary Ballard.

Graduation is a special school happening filled with the joys, sorrows, and many memories collected in the past four years of high school. Although graduation is looked forward to by the students from their freshman year, it is also an emotional time.

A MOMENT . . . A MOOD
A PLACE IN TIME!

A fine portrait study is forever . . . It is the present and the past given to the future . . . It is a way to remember that cannot be duplicated

The gift of a fine portrait study takes time and effort and is truly an expression of love on the part of the given and, when properly displayed, reflects the close feelings between two people or a family

The 1986-87 Yearbook Staff would like to take this opportunity to thank each of its advertisers for their support. Without you, it would not be possible to produce the YELLOW JACKET. Because of your contributions, the memories of a wonderful year are now preserved in a keepsake that will last a lifetime. We would like to urge all of our readers to give their full support to these advertisers whenever possible.

Billy Davis, Mary Williams, and Tia Meadors take this opportunity to say, "Hi, Mom!"

Chris O'Neal and "Sap" Guzzardo find something amusing to show Jeff Frizzle as John Goen, Jason Raspberry, and Dru Nettle look on

Mary Williams, Larsen Tate, Shannon Covington, Michelle Landry, Taffy Campbell, and Angie Molcan share an "in-field high five."

# Something To Remember

Summertime is finally here. No more homework, getting up early or detention.

When the students leave this year, they will take with them the great memories that have been shared with friends! Memories of school dances, football games, basketball games, graduation, and even good memories of their classes and teachers.

Although everyone is glad summertime is here, it is sometimes hard to leave the friends and good times behind. This is something we all must face. It is now time to move on, and make many more lasting memories.

Seniors Randall Pitre and Karl Tuttleton find a way to stop junior Ashley Wall's dribbles in Mrs. Ballard's speech class.

The junior-senior Powder Puff football game is a fun and exciting part of the year. Juniors Jean Ann Hayes, Donalyn Johnson, Jamie Walker, Darby Bullard, Michelle Gremillion, Krystal Masling, Shelly Clary, Karen Brumfield, Christy Goza, Cherie Stegg, Brandi Ballard, and seniors Allison Pope, Nan Duke, Cary Beth Rector, Tricia Hebert, Shannon Facundus, Wendy Duncan and Joy Teser show how "rivals" can be friends and how both are NO. 1.

Everyone needs a break! Freshmen Margaret Columbia smiles at the thought that she only has two more hours to go.

While many underclassmen were shouting "school's out for the summer," this group of seniors were shouting, "school's out FOREVER!"

Senior Paul Phillips expresses his feelings on graduating, while seniors Bill Clonda and Jeff Fuentes make the most of their last recess.

Crisp autumn days are welcomed by every one. Junior Tia Mesdors is enjoying the pep rally outdoors.

How can feelings that have grown over a period of twelve years be expressed in words? Senior Todd Kearney tries to do just that in the memory book of Greg Spence.

# In Memory Of . . .

With the utmost sincerity  
we dedicate this book to  
the loving memory of Mr.  
Willie E. "Mann" Picou.

Garbo,

Hey dude. We have been friends  
for a long time. I hope we stay  
good friends. I hate signing  
year books. I am going to fail this  
test too. (Sept 17, 1987 5<sup>th</sup> hr). Ha.  
we are not taking it. Well let me  
go dude. I am fixing to sleep.  
Stay cool.

Write a couple  
of short poems in the  
book but it has to be  
a story some good ones  
that you do. Love  
you do. Love

Gary,  
Well-o!  
I'm glad me & you  
have become friends!  
and that I have you in  
class! Good luck! Stay Sweet!
